 Zipper 16" (40 cm) or buttons.  
 Pictogram pen

## CUTTING INSTRUCTIONS

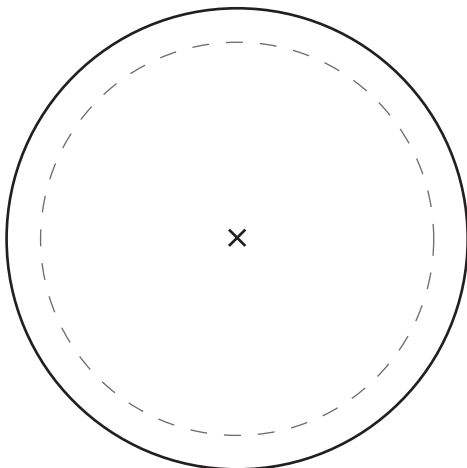

Front of cushion case 1 piece 20" x 20" (50 x 50 cm),  
 cut in a circular shape.  
 Back of cushion case 2 pieces 12" x 20" (30 x 50 cm),  
 cut in a half circular shape.  
 Frill 10 pieces 3" x 55" (8 x 140 cm),  
 cut in strips.

## SEWING INSTRUCTIONS

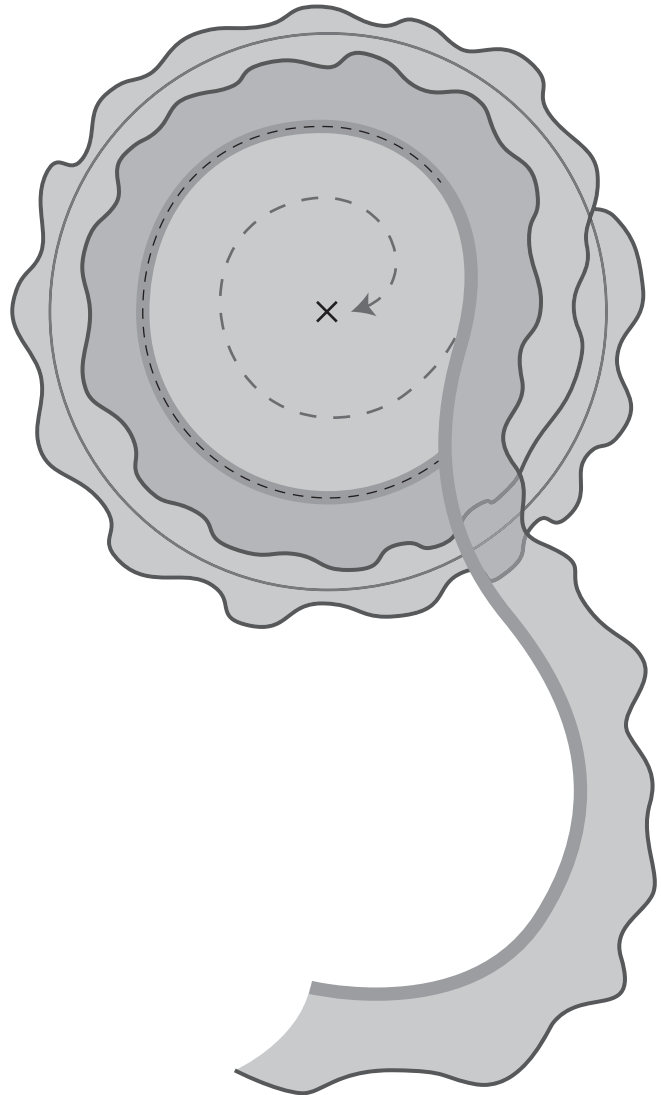

1. Set your overlock machine for rolled edge and sew the 10 strips short sides together. It will reach the length of 15.3 yards (14 m).
2. Sew a rolled edge stitch along one long edge. Set your serger for a 4-thread overlock stitch. Increase the needle thread tensions to 7 to gather. Stitch along the other long edge.

3. Draw a line 1.4" (3.5 cm) from the edge on the front piece of the cushion case. Mark the center with a cross.

4. Thread your regular sewing machine and set it for straight stitch.
5. Sew the frill onto the cushion case starting from the marked circle going into the cross in the center of the cushion case.

6. Finish the edges of the cushion case back parts and sew a zipper or buttonholes and buttons to close the cushion case.
7. Put the back part and the front part of the cushion case right sides together and sew a 4-thread overlock stitch around the edge. Make sure the zipper or buttons are open before you start to sew.
8. Turn the cushion case right side out and put the pillow in the case.
