Topaz™ 50
Lamp Shade*

Shine a light on your creativity!

Personalizing your old lamp shade is a great way to put a spot light on your creative ideas. Show off your personal taste and design skills. Edit and combine the embroideries on screen for that amazing creation. With the DESIGNER TOPAZ™ 50 you can save your combinations for new and even bigger projects.

Measure your lambshade and cut the fabric to fit your size. Add 5cm (2") for the fastening, on this lamp shade we used velcro.

This step by step instruction will show you how to combine the different embroideries to make this beautiful lamp shade!

Finished!

Embroider the combination once or repeated, depending on the style you want and the size of the lamp shade. We added a piping on the edges for a nice finished look. There are many different piping feet in the optional accessories assortment.
